Rucksack-KiTa

Nursery and Family - working
together for good multilingual
development.

Dear Parents!

Your child is growing up multilingual and your nursery would like to support you in this.

With the Rucksack Programme, we work together to support your child in learning their family languages and German, whilst preparing them for school.

Nursery and Family - working together for good multilingual development.

The nursery supports your child in German.

You support your child by teaching the same topics at home in your family languages.

You will meet once a week in your nursery.

Along with other parents, you will come up with fun exercises on general topics to which your children can relate.

A parent companion will inform you about current topics from the nursery and discuss parenting issues.

The programme is free!

Date and Contact.
